### PERSEID METEOR SHOWERS !

Tonight we shall look to the skies for entertainment! It's that time of year again, where the Perseid meteor showers light up the skies! Tonight is the night that they will be at their maximum with viewings averaging between 30 and 40 an hour! As the wee hours of the Saturday morning come upon us, the meteors will get

more intense. With the full moon tonight and cloud coverage, viewing may be a little more difficult. We do have one factor to the positive, very little light pollution. On a clear night, our skies are amazing!!

For the next few days after tonight, we can still benefit from Perseid. Although viewings will not be as

frequent, we can still expect to see 20—30 meteors per hour.

It's an amazing world we live in!!

So get out your loungers, sit back and enjoy the show!!

### VINTAGE NIGHT RECAP

Well, Vintage night turned out to be just "80's night. The kids had a blast dancing up a storm.!

Congratulations Jake MacDonald and the awesome job you displaying Michael Jackson! Your dance moves were incredible! A true crowd pleaser!

Honourable mention to Breanna Crosby, like totally 80's girl. Your enthusiasm and attitude were fabulous! Great job guys!

As well, a big thanks to Robyn and Charlie Redmond for rockin' Cranberry with their radical '80's outfits. I am sure everyone has a new appreciation for zebra stripes!!

### BRING ON THE SUN!!!!

Only 4 weekends left of Summer—sorry to mention it guys, but reality bites. The long term weather forecast gives us a promise of sunshine for the next 10 days! Yippee!

Lets make the most of it!

I am sure everyone would like to participate in the worlds longest washer toss game slated to go on

Labour Day Weekend. Although I haven't heard from Guinness yet, it is still a GO! Please let me know if you are willing to participate so I can can plan!

## The Weekend You Have Been Waiting For ....

BOO! It's Halloween week-end here at Cranberry. So here is how it will go down:

Friday night—death by chocolate murder mystery cancelled due to lack of participation, so in place of that, we are doing a scary movie under the stars, weather permitting, at site # 59. Movie starts at 9:00.

Saturday Night—If you are giving out treats , please put a decoration outside of your trailer or tent to let the kids know to go. Parents, please instruct your children to go only to the trailers and tents participating. Trick or treating starts at 6:30.

Please note— because I will

be in the office, that's where all the kids will have to come to get my treats!

After the trick or treating, the kids will go to the "A" frame for a Halloween dance party. They will bob for apples and party it up!

At 8:00. we will pick up the first group of children under the age of 10 and bring them through the Haunted Trail Ride. Parents are welcome to come aboard for support. (It will be tamed down quite a bit).

For safety reasons, I would like to take a maximum of 15 kids at a time on the wagon.

When all the smaller children have gone through the trail, the older children (and adults if they wish) will be lead through the haunted trail from the "A" frame. Yes, they will be walking! The four wheeler will be waiting at the other end to shuttle everyone back up.

After everyone has gone through the trail, a scary movie for the older kids will be played in the "A" frame. If the movie runs past

12:00, please remember to respect the fact that quiet time is in effect, and there are people in tents very close by! :)

An adult masquerade bon fire will take place on the beach in front of site #59 after the trail ride as well. Hope everyone has a blast this Halloween!!!

THE BUNNY TRAIL WILL NEVER BE THE SAME!!!

A great big thanks to all who donated decorations, costumes and time to make the haunted trail what it is! We have a great bunch of people in our little campground community. Again, Thanks!!
