Warm weather

There is no doubt, we
have been experienc-
ing some beautiful,
warm weather. With
the warm weather
came high humidity,
a busy pool and lots of
air conditioners run-

ning. Just a reminder
to everyone, when
running your air con-
ditioner, you can not
run electric hot water
tanks, blow dryers
etc. It draws too
much power, and

your power will trip!

Also, please remember, all guests must be
registered to use the pool. All over night
guests must be registered at the office.
Failure to do either of these puts the
campground at risk. Thank you for your com-
pliance.
